Good afternoon Julie. After submitting the application for the permit I contacted Wade and associates to get the exact number for the setback for the proposed manure pit. The surveyors showed up shortly after and worked on it. I contacted them three weeks ago and they said they were still working on it. They have been here the last 2 days working on it. I believe 10 meters should be close judging by the old fence line. I will submit the information from the surveyors as soon as I get it. Thanks Ben

Hi Mr. Driessen,

Can you please send me a brief email to reflect our conversation about the proposed setback from the property line for your manure pit extension?

We discussed requesting a setback of 10 metres from the interior property line.

Thank you,

Julie Mundy
