Property Size 7500 sq ft Present Zoning R1A

Existing Use parking, car + boat

Proposed Development detached garage

Proposed Variation / Supplement Building size has already been confirmed by FVRD, a variance is being requested for building height. Garage/shop is 14'6" at its highest point. This is to accommodate boat height

(use separate sheet if necessary)

Reasons in Support of Application Building height is in line with multiple other garages built on our lane, it accommodates a door tall enough for boat/tower + helps to eliminate on street parking. Building is on lane + not visible from roadway. All set backs and lot lines are well within specified limits, as is lot coverage. Once complete this will better our laneway. Only purpose of this building is for boat + car storage. NO plumbing services connected.
