GOOD NEIGHBOUR PRACTICES

MANAGING CONSTRUCTION AND DEVELOPMENT IMPACTS IN RESIDENTIAL NEIGHBOURHOODS

Development and renewal of neighbourhoods can improve the vitality, value and appearance of FVRD communities. However, development and construction can create negative short term impacts for neighbours, such as noise, dust, odours, and air quality impacts. Developers and builders can reduce their impacts by using good neighbour practices and by taking action before problems arise.

ISSUE

WHAT CAN YOU DO?

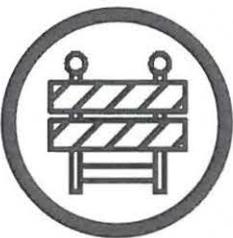

COMMUNICATION

Talk with your neighbours on an ongoing basis. Information and personal contact generally creates a more supportive and understanding perspective.

- Conduct door visits and provide flyers/notices.
- Introduce your project.
- Provide your contact information.
- Share your timelines.

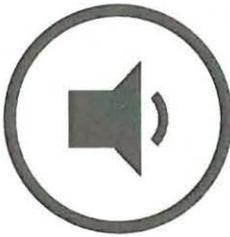

SITE MANAGEMENT

Proactive site management can address the majority of neighbour impacts.

- Stay on your property - don't encroach your work site or cause destruction to neighbouring parcels.
- Manage your storm water onsite – don't cause drainage issues for your neighbours or damage the environment.
- Keep a clean worksite – collect & manage waste regularly.
- Provide and maintain temporary toilets.
- Secure your site (eg. temporary fence) for safety and security reasons. Thefts and trespass can be a problem.

OFF-SITE IMPACTS

- Avoid noise and disturbances in evening hours and weekends. Quiet time is 10 p.m. - 6 a.m.
- Do not burn in residential areas. Use hauling and/or chipping.

ROAD & SIDEWALK USE

- Construction or alteration works may require approval.
Roads - contact BC Ministry of Transportation and Infrastructure:
ph. 604-795-8211
Sidewalks (Popkum) - contact FVRD Regional Parks:
ph. 604-702-5000
- Don't block sidewalks, roads and driveways.
- Manage onsite parking and make temporary arrangements if necessary.
- Keep sidewalks and roads free of construction sediment and dirt.
- Regularly wash off vehicles before leaving site.
- Keep construction waste bins, materials, etc. from public roadways.

PERMITS & APPROVALS

- Know the rules and FVRD requirements before you start your project, and check your property title for restrictions (eg. covenants, easements, geo-technical restrictions, etc.).
- Obtain your FVRD approvals BEFORE starting construction or development.
- Not sure which permits and approvals are needed? Contact the FVRD to find out.

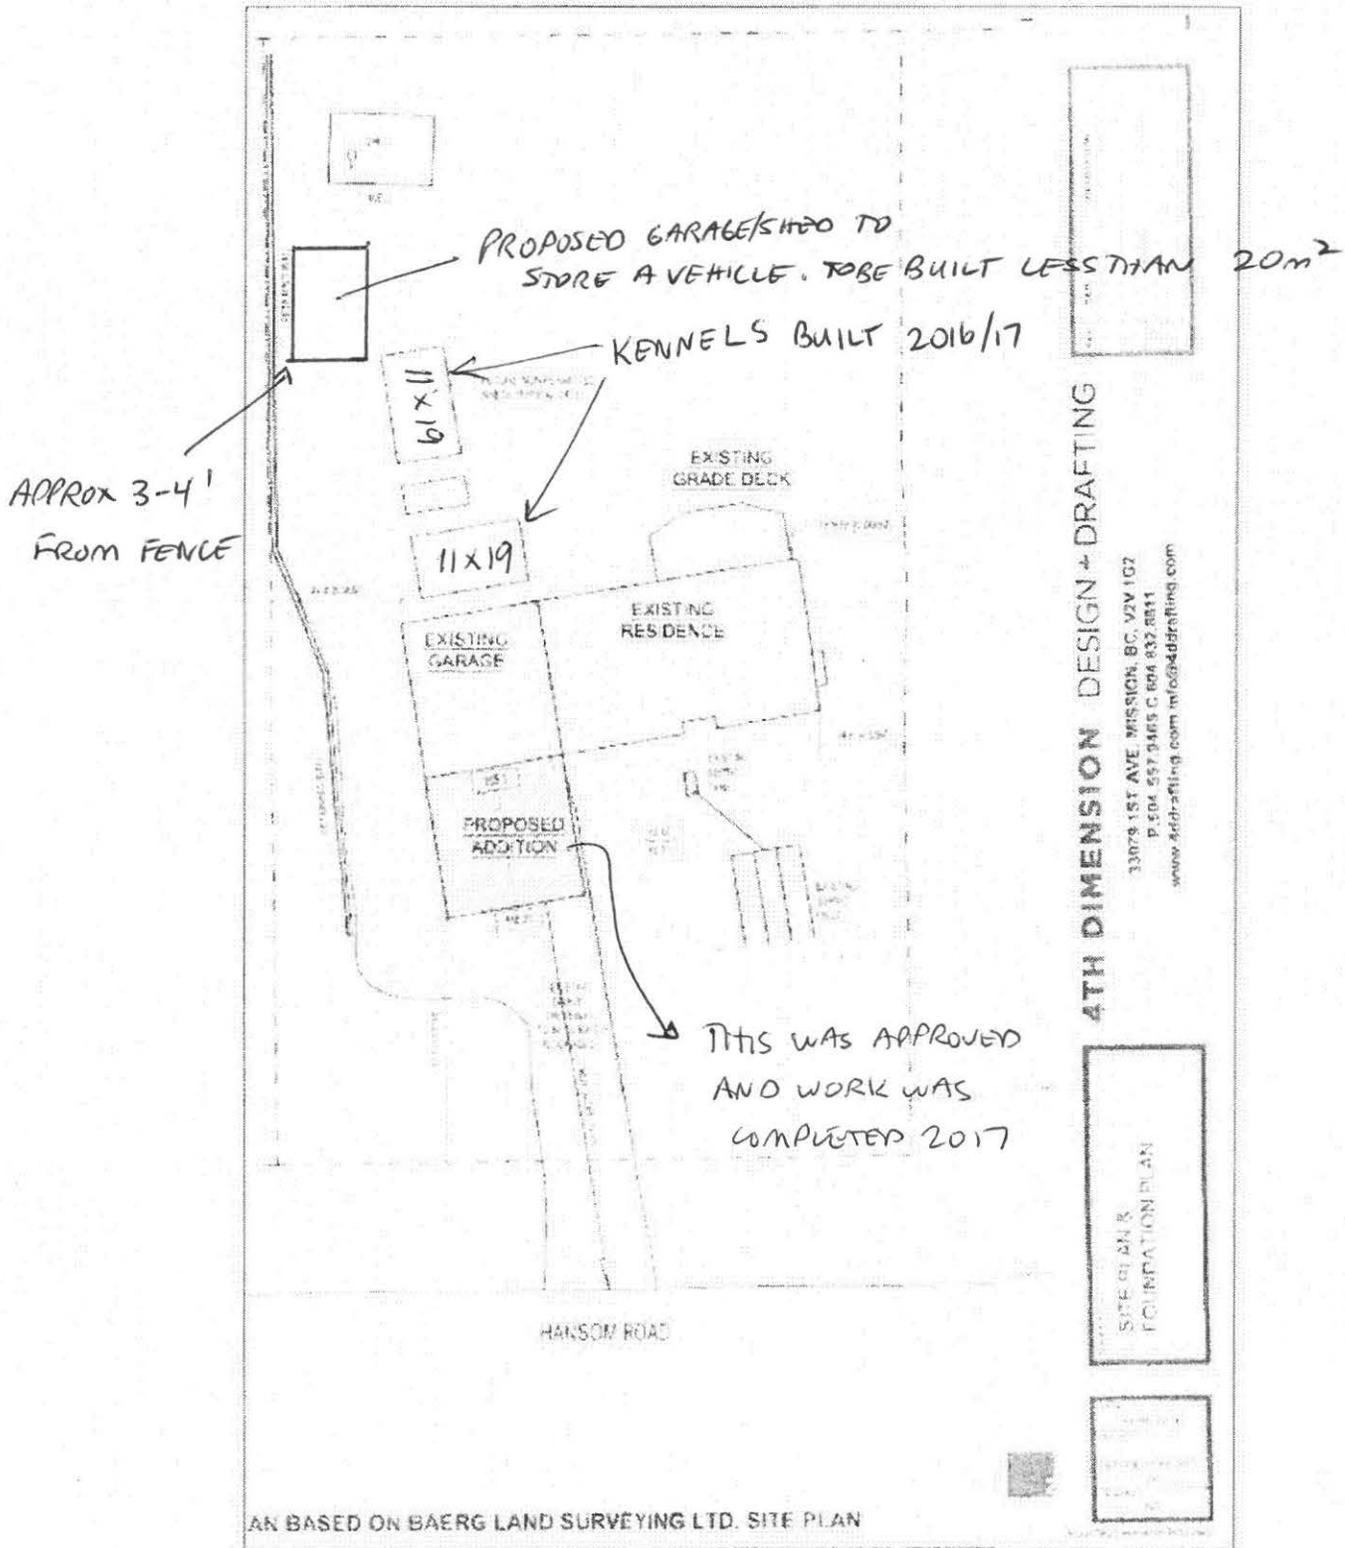

SIGNATURE AND ACKNOWLEDGEMENT
