Dear Lauren:

Re: Request for Letter of Support for City of Mission Grant Application

The City of Mission (City) hopes to submit an application to the federal and provincial governments' Strategic Priorities Fund under the 2024-2034 Canada Community Building Fund. The City would greatly appreciate if the FVRD would provide a letter of support for the following two projects:

1. Cedar Valley Safety Building (Firehall, EOC and Search and Rescue) – Capital Infrastructure Stream; and
2. Watermain Condition Assessment – Capacity Building Stream

The application is due in early September 2025 but we would appreciate receiving the letter of support by the end of August 2025 when the application will be submitted. Thank you for your consideration, please contact the undersigned with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Younie".

Mike Younie
CHIEF ADMINISTRATIVE OFFICER
