Woman Holdings Ltd.

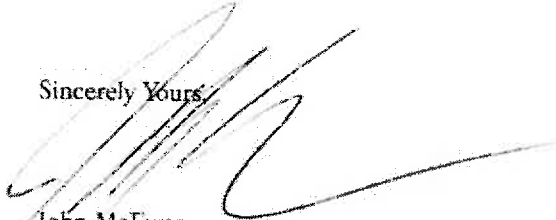

Fraser Valley Regional District

To whom it may concern,

As owner of Workman Holdings which owns a property at 20934 Snowflake Crescent which is located directly across the street from the Variance Applicants property "20917 Snowflake Crescent" owned by Michael Bogdanovich, I would like to offer my full support in granting approval regarding both reduced setback and increased height Variances.

Being located directly across the street, I have no issue in granting of these Variances, as I believe it will provide the ability to conform into the existing developed parcels as well as provide a more aesthetically functioning structure within a challenging lot.

Sincerely Yours,

John McEwen
